

2020 Line Guide

MARS SUPPLY ~ WHO WE ARE

- **Mars was founded in 1924** to serve the iron mining, wood and paper industries in Northern Minnesota. Today, we do business in five states and offer an expanded and unique blend of products and services unlike any other local independent industrial distributor in our market.
- **In 2013**, Mars acquired the Walter Hammond Co. of Minneapolis. Founded in 1945, Hammond is a full service distributor of cutting tools and related tooling and is now a division of Mars.
- **In 2020**, Mars acquired Machine Tool Supply of Eagan, MN. Established in 1953, Machine Tool Supply is well known in the industry as a premier Norton Abrasives distributor.
- **Our Valued Services Include:** Lenox Certified Bandsaw Blade Weld Center, Safety Audits and Training, Hydraulic Track Tool Repair, Air/Hydraulic Hose Coupling. We also offer Air / Electric Power Tool Repair; which is in our Duluth location only.
- **Our “Supply Management Solutions” SMS Group** assists customers in developing supply chain programs that reduce costs and improve service levels in their facilities. Each one is unique, built around the customer’s priorities and goals and is designed to produce documented costs savings.
- **Our Websites** contain thousands of our most popular items at the click of your fingertips. We have three distribution centers -- Bloomington, Minneapolis and Duluth. You will find both stock and non-stock items listed on our websites. Be sure to visit MarsSupply.com and for the quickest way to place an order.
- **Same-Day Delivery...** whether it’s a boring bar for a job shop, first aid kits for a construction crew, a hose reel for a maintenance department, sanding belts for a foundry or a height gage for a metrology department, we know our customers need their supplies on time. Our joint customer service teams are geared to turn your order around quickly. We also offer same-day delivery for those rush orders in the Twin Cities metro area only.
- **Conveyor Belt Service, Inc.** is a wholly-owned subsidiary of Mars Supply. Founded in 1953, CBS serves the mining industry and Great Lakes carriers with the area’s most experienced belt technicians. Some of the services provided include on-site conveyor belt installation and repair, belt inspections, belt troubleshooting and rubber fabrication. Visit CBSrubber.com
