

# Spring clamps

Simply better.

## Ratcheting spring clamps

These BESSEY® ratcheting hand clamps, XCRG, provide a firm grip, quick clamping attachment and a release mechanism that offers easy one hand release. Great for light duty jobs where one could use a bit more clamping force than a traditional spring clamp but, not as much as a bar clamp. Easy to use, durable and always useful in the active shop.

### 1 Ergonomic 2-component handle

Soft, anti-slip two component handle for comfort

### 2 Heavy duty resin construction

with pivoting jaws

### 3 Rapid-action clamping

with positive locking mechanism

### 4 Variable clamping pressure

### 5 Riveted pivoting clamp

pads won't fall off

### 6 Unique and innovative design

for enhancing productivity

### 7 Swiveling pads

engineered to provide secure clamping on variety of shapes and work surfaces

## Ratcheting spring clamp, XCRG

- Ratcheting spring clamp with a positive feel and a heavy duty resin construction.
- Great for light duty jobs that require a deeper throat depth.
- Easy to attach and a quick one-hand release makes this an easy tool to use for everyday use.

	Clamping Capacity	Throat Depth	Approx. Weight
XCRG2	2 ¼"	2"	0.42 lbs
XCRG4	4"	3"	0.55 lbs

## Clippix® plastic spring clamps

- Choose from a long tapered nose for hard to reach spaces or a premium spring clamp for light duty jobs.
- Both with ergonomic 2-component handle, and lightweight polyamide jaws.

	Clamping Capacity	Throat Depth	Approx. Weight
<b>Needle nose plastic spring clamps, XCL</b>			
XCL2	2"	2"	0.05 lbs
