

MAXimum Performance

The LPS® MAX product line focuses on meeting the needs of heavy industry through increased product performance, packaging improvements, regulatory/environmental compliance and sustainability.

These products feature a slip resistant aerosol can topped with a lockable, integrated flip straw actuator that allows the operator the choice of focused precision to broad stroke product application. Simply put, it's **MAX**imum control, **MAX**imum application and **MAX**imum performance in the palm of your hand.
