

Master STAGES™ Whamex™

Master STAGES™ Whamex™ is a safe, fast-acting concentrated formula that will save machine cleaning downtime while removing the oily residues, scums, and insoluble soap deposits that reduce coolant life. Whamex is made for cleaning out machine tool sumps and larger systems, coolant supply lines, and coolant recycling equipment. Whamex is compatible with most waste treatment (including ultrafiltration) and will not degrade TRIM metalworking fluids when used as directed.

- A very specialized formula that draws many years of hands-on experience in machine clean outs
- Quickly breaks down and lifts off insoluble scum deposits hidden in lines and difficult to reach areas — getting rid of these residues is one of the best ways to extend coolant life in your system
- Very hard water tolerant allowing it to be effective in raw water or used coolant
- Environmental approvals are simplified because Whamex contains no nitrites, phosphates, barium, phenols, or butyl cellusolve; this formula has very low V.O.C. content and no SARA 313 reportable ingredients
- When used as directed below, this product is compatible with TRIM brand semisynthetic and soluble oil coolants, as well as most competitive coolants. Will remove heavy soils from machines without affecting paints, coatings, seals, hoses, or skirting, and it won't leave a slippery residue
- Short-term corrosion inhibitors prevent flash rusting of machine surfaces and ways

Order #	Description	Size	Price
MSTFWHAMEX/NR270P	Master STAGES™ Whamex™ Machine Tool Sump and System Cleaner	270-gallon tote	\$9,131.43
MSTFWHAMEX/4G		1-gallon jug ★	\$42.33
MSTFWHAMEX/54G		54-gallon drum	\$1,826.29
MSTFWHAMEX/5G		5-gallon pail ★	\$194.31

★ 1-GAL and 5-GAL sizes in stock at Mars Supply
