ZOLL® Resuscitation and Acute Critical Care Solutions

ZOLL® is focused on improving outcomes with novel resuscitation and acute critical care technology. Their medical products and software solutions help clinicians, EMS and fire professionals, lay rescuers, and the military provide life-saving care every day. ZOLL delivers technology that advances emergency care and benefits patients.

Comprehensive Rescue System #8911-001000-01

The Comprehensive rescue system includes our most extensive set of medical supplies to help manage life-threatening issues such as severe bleeding, seizures, choking, hypothermia, broken bones, allergic reactions, and more. The integrated Mobilize Rescue application guides rescuers with real-time instructions on how to use the supplies to provide care.

Compact Mobile Rescue System #8911-003000-01

Compact and lightweight, this rescue system is perfect for the workplace or on the go. Keep a kit on work trucks, in the office, or with emergency response team members so anyone with the Mobilize Rescue app is prepared to manage severe bleeding, seizures, choking, hypothermia, and other emergencies.

AED Plus #8000-004000-01

When it comes to helping a victim of sudden cardiac arrest, not all AEDs are created equal. Unlike other AEDs, ZOLL® AEDs support rescuers with integrated, real-time feedback on compression rate and depth. Recommended by medical professionals, the ZOLL AED Plus® defibrillator with Real CPR Help® technology guides rescuers in performing high-quality CPR and provides integrated audio and visual feedback to support you throughout the rescue.
