Gas Monitor Rental Program

Mars Supply is excited to launch our NEW value-added service – Gas Monitor Rental Program! Partnering with MSA, we **rent, sell and service** premium gas detection and monitoring systems, offering a large inventory of gas detection systems for industrial and mining industries. You can trust Mars to calibrate and maintain your equipment with foremost quality and proficiency.

Below are some examples why businesses rent equipment vs. buy!

- Refinery Shutdowns / Turnarounds
- Outages / Emergencies
- Special Projects
- Plant Health & Safety
- Personal Protection
- Gas Leak Detection
- Confined Space Entry

✓ It's Cost Effective!

✓ It's Convenient!

✓ It's Easy!

Contact Mars customer service to determine if this program is right for you.
