

PRODUCTIVITY KIT SPECIALS

Double Turbo 16
Kits delivered with
gold F40M inserts

ACHIEVE EXCELLENT SURFACE FINISH DOUBLE TURBO 16

Save on tooling costs by reducing the number of products in your inventory with this versatile cutter optimized for a wide range of workpiece materials and square should applications. Achieve significant cost-per-edge savings with the 4 cutting edges of the **Double Turbo 16**. Use the most positive helix cutting angle geometry on the market for lower power consumption, smoother cutting and longer tool life. Together with high 90° angle accuracy and double-sided inserts, this solution generates a good surface finish and optimizes costs.

Find detailed product information and cutting data recommendations for the Double Turbo 16 at SECOTOOLS.COM
