

Cold Resistant Gloves

SHOWA 454 is a cold resistant glove with an extremely warm and comfortable fit. Made from acrylic yarn that allows for quick drying and durability in the coldest of environments.

BENEFITS:

- Designed to protect at temperatures down to -30°C, for short or intermittent contact
- A robust glove with high resistance to tearing
- A flexible glove designed for easy movement and extended wear
- Rough textured grip allows slippery objects to be gripped firmly
- High Comfort: fluffy thanks to a special fibre knitting process
- Seamless knit designed to prevent irritation

FEATURES:

- Natural rubber properties offer strong grip performance
- The features of the acrylic yarn keep hands warm in cold environments
- Unique SHOWA ergonomic shape that replicates the natural curve of the human hand
- Flashy orange color for improved visibility
- Rough finish grip

RECOMMENDED INDUSTRIES:

Janitorial, Landscaping, Public Utilities, Mechanical, Logistics, Construction
