

A Brand® ADO-SUS Series 5200/5210

Advanced Performance Coolant-Fed Carbide Drills
for Stainless Steel

**List Price
Less 23%**

Sizes listed in the table below are stocked at Mars Supply, but **ALL** sizes within List 5200 & 5210 drill series are included in this sale.

The A Brand® ADO-SUS drill series is OSG's premium line of carbide coolant-fed high performance drills, designed to drill in stainless steel. New "Mega Cooler™" coolant hole shape improves coolant flow, chip evacuation and cutting heat generation. This reduces work hardening, which leads to longer tool life during tapping and reaming operations. While our proprietary WXL® coating provides drastically higher coating oxidation temperature and hardness that dramatically improves wear resistance.

NOTE: MEGA COOLER™ applies only to diameter sizes over 6 mm.
