

MAXimum Performance

The LPS® MAX product line focuses on meeting the needs of heavy industry through increased product performance, packaging improvements, regulatory/environmental compliance and sustainability.

The 10 products feature a slip resistant aerosol can topped with a lockable, integrated flip straw actuator that allows the operator the choice of focused precision to broad stroke product application. Simply put, it's **MAX**imum control, **MAX**imum application and **MAX**imum performance in the palm of your hand.

MAX products are specially priced to match the standard LPS counterpart. Try the new MAX at this introductory price!

Product Type	Order #	Description	Size	Case Qty	List Price	
Industrial Lubricants	LPS90116	LPS MAX 1™ Dry Lubricant & Water Displacer	11 oz. aerosol	12	\$13.58	\$12.11
